## Clinical Photography Course

Astra Tech, Brunel Way, Stonehouse, Glos

# Clinical Photography Course

## Lecturer

Dr Phil Wander BDS  
MGDS RCS  
FFHom(Hon)

Dr Phil Wander has over 40 years experience in both NHS and

Private Practice. Phil is recognised both in the UK and internationally as an expert in clinical dental photography - a topic on which he has lectured extensively.

Dr Wander's priority as a dentist is to provide the highest quality dental care using materials and methods which optimise overall health.

As founder and Chair of the British Homeopathic Dental Association, he also has over 15 years experience of using homeopathy in dentistry, both to prepare patients for treatment and to encourage healing afterwards. His work has led him to being awarded an honorary fellowship of the Faculty of Homeopathy.

## When/Where?

Thursday 26<sup>th</sup> November 2009  
9am - 4.30pm

Astra Tech,  
Brunel Way,  
Stonehouse,  
Glos. GL10 3SX

**Target group:** Clinicians

**Duration:** 1 day

**Course fee:** £150 + VAT includes course material, lunch & refreshments

**Language:** English

**CPD Points:** 5 hours

## Course Content/Programme

This one day course is suitable for all members of the dental team. The course provides delegates with an understanding of the uses of photography in Clinical Practice. By the end of the day, delegates will be able to identify the correct equipment to use to achieve the best results.

Dr Wander will show you the how and why to build your private practice using dental photography. Dental photography can be used to deliver the highest standard of patient education and treatment plans, in an informative and personal way.
